

Transparent curtain fabric; The surface texture of this item is voluminous and the hallmark of this fabric. With an exceptional sound absorption coefficient of α_w 0.65 it is suitable as a curtain fabric for use during the day. The fine, weave pattern creates a grid of filigree lines that emerge from the delicate sheen of the ground weave.

PROPERTIES

Article	BETACOUSTIC
Article No.	0100755
Number of colours	8 Special colours available from 300 m / 330 yds upwards.
Material	100% PLF CS
Flame-retardant properties	Certificate on request
Width	300 cm / 118 Inches
